HOBBIES AND INTERESTS

● Open source OS

My main hobby is LINUX in any its flavours such as Ubuntu (Gnome), Manjaro (Cinnamon) and Arch (i3).

I started 1 year ago using Ubuntu 20.04 for a course (Programming 1) then i felt in love with the open source philosophy.

I've spent a lot of time to read documentation, watch courses to install Arch in my laptop.

Last month i bought a course to improve my skills with Arch and its distributions such as Manjaro and EndeavourOS.
